Online Education

1. Does all programs/courses were completed on time.	Yes
2. Measures taken to complete the syllabus of courses and programs.	All academic programs of the University were offered in regular offline mode till March 2020 and all these courses were switched to online mode during the lock down period which was declared due to the Pandemic outbreak. For theoretical learning, the learning platform MOODLE is being used (https://moodle.cusat.ac.in/). Initially, a survey was conducted to assess the digital readiness of the students to commence the classes in online mode. In addition to MOODLE, faculty members conduct live lectures through online platforms such as Google Meet, ZOOM, Google classrooms etc. To make online education interactive, faculty members regularly communicate with the students through the mediums such as telephone call, email, whatsapp chats etc. which also help the students to express their concerns if any. Students are also encouraged to participate in courses in platforms such as SWAYAM, NPTEL, COURSERA etc. Coverage of syllabus was ensured using a variety of measures. All live classes were as per the weekly timetable planned and approved at the start of the semester by the Department Council. This facilitated proper session plan by the teachers leading to timely completion of the syllabus. To assess the progress of teaching learning in online mode , departments regularly convene faculty meetings and assess status of progress. Moreover, remedial classes are arranged for slow learners. Along with the classes, continuous internal evaluations in the form of assignments, tests, seminars etc. were also conducted. Subsequently, the end semester examination was conducted by the University as per the academic calendar. In a nut shell, following measures were initiated to ensure timely completion of courses: ?For every subject, classes are conducted seamlessly through online mode during the pandemic period ?Ensured that necessary infrastructure is set up in very quick time so that faculty members could conduct classes online. ?Ensured that all students can access online lectures and materials. ?Virtual Laboratory sessions were conducted during the pandemic period. ?Frequent doubt clearing sessions are conducted by the respective faculties. ?In order to complete the classes in time, most of the teachers have not availed the vacation. ?Continuous internal assessment through assignments, tests, seminars etc. ?To ensure quality, viva voce were conducted immediately after each online examination. ?Swift switchover and adaptation to online mode of education including conduct of examinations.
